 Zwislocki, J., 407-36; 409,  
 410, 413, 422, 429, 432,  
 436

## SUBJECT INDEX

A

Abilities  
 personality described in  
 terms of, 487, 492  
 Ablation  
 in audition studies, 430-  
 31  
 Absenteeism  
 structural factors in organi-  
 zations and, 459  
 Absolute threshold  
 of vision, 48-49  
 Acceptance  
 effect on conformity, 303-  
 4  
 Achievement  
 as personality trait, 533-  
 36  
 relation to anxiety, 104  
 social class effect on, 105-  
 6  
 social desirability relation  
 to, 534  
 Achievement motive  
 see Need achievement  
 Acoustics  
 loudness determination ap-  
 plied to, 412-13

see also Audition  
 Acquiescence  
 as response bias in person-  
 ality tests, 506-7  
 Action potentials  
 in wolf spider retina, 44-  
 45  
 Activity level  
 early pattern organization  
 of, 475  
 in infancy  
 relation to development,  
 89  
 relation to intellectual devel-  
 opment, 94  
 Acute brain syndrome  
 diagnosis of  
 observer agreement in,  
 381-82  
 statistical reliability in,  
 387  
 Adaptation  
 effect on critical flicker  
 frequency, 57  
 Adaptation level  
 in perception, 5-7  
 Adaptive behavior  
 early pattern organization  
 of, 475

and evolution, 70  
 in organizations, 454  
 in personality theory, 484  
 Addiction  
 treatment of, 393  
 Adolescents  
 cognitive controls in,  
 485  
 guilt proneness in, 490  
 heterosexual interests of,  
 117  
 social influences on, 302-  
 3  
 TAT hostility scores in  
 application of, 182  
 Adrenal stress mechanism  
 critical period for, 81  
 Affect  
 flatness of  
 treatment of, 394  
 Affiliation  
 see Attraction; Friendship  
 Africa  
 personnel selection in, 194-  
 95  
 Age  
 effect on  
 conditioning, 92  
 phantom limb perception,

98-99  
word association, 99

Aggression  
in children  
factors in development of, 105  
contagion in groups, 304  
frustration expectancy effect on, 315  
in TAT  
significance of, 180-82

Alcoholics  
cognitive processes in, 517  
diagnosis of psychosis of consistency with time, 385-86

Alienation  
in organizations  
automation and, 441

Altruistic behavior  
evolutionary theory of, 67-68

Ambiguity  
intolerance of tests for, 471

Anchor effect  
in perception, 6

Animals  
dominance in  
relation to social power structure, 317  
sound perception in, 428

Anoxia  
perinatal  
effect on development, 92

Answer sheet  
effect on tests, 199-200

Antidepressants  
in treatment of mental illness, 393

Anxiety  
and conformity, 531-32  
dependency as response to, 340  
determination of chemical procedure for, 105  
diagnosis of consistency with time, 385  
observer agreement in, 381-82  
statistical reliability in, 387  
effect on  
interpersonal attraction, 298  
performance, 104-5  
psychotherapeutic interview, 351-52  
Rorschach test, 172  
manifest  
factorial composition of, 524-25

neural conceptions of, 523-24  
physiologic correlates of, 525  
as personality trait, 522-25  
in pregnant rats  
effect on offspring, 82  
relation to  
achievement, 104  
creativity, 94  
IQ, 94, 104  
and risk-taking behavior, 495  
on tests  
characteristics of, 523  
treatment of, 393

Approach  
early pattern organization of, 475

Approach-withdrawal theory applied to chickens, 74  
in vertebrate development, 75

Approval  
need for  
as personality trait, 506  
as response bias in personality tests, 506

Area  
relation with brightness in visual threshold, 49

Aspiration  
and group problem solving, 299-300

Assimilation  
in perception, 7

Asthmatics  
cognitive processes in, 516

Atkinson utility  
in need achievement model for decision, 266-67

Attention  
overt responding effect on importance in learning, 141-42  
in schizophrenics, 515-16

Attention span  
early pattern organization of, 475  
masking and, 12

Attitude  
effect on behavior  
game studies on, 313  
see also Value

Attraction  
in group processes  
anxiety and, 298  
balance and, 294-95  
consequences of, 294  
determinants of, 294  
ingratiation and, 298  
popularity and, 297  
self-esteem and, 297-98

similarity and complementarity and, 295-97  
in marriage partners, 295-97

Audition  
amplitude discrimination in, 420  
in animals, 428-29  
binaural interaction in beats and, 424  
central summation, masking and, 423  
release from masking and, 420-23  
sound lateralization and, 423-24  
detection in  
masking phenomena and, 418-20  
problems of measurement of, 416-17  
duration estimation and, 425-26  
frequency selectivity in harmonics and, 415  
information processing in, 426-27  
learning in, 427-28  
loudness  
application to acoustics, 412-13  
cross-modality matching and, 407-9  
curves for, 409-10  
equal contours of, 412  
procedural artifacts of, 410  
summation of, 411  
temporal decay in, 411-12  
volume and density relation to, 410-11  
masking phenomena in, 418-20  
middle ear muscle activity in, 429-30  
physiological correlates of ablation studies for, 430-31  
evoked cortical responses as, 430

pitch  
frequency spectrum parameter of, 413-14  
time pattern parameter of, 413-14

reaction time in, 426

signal detectability theory in, 416

sound pressure measurements and, 429  
sound transmission and, 429-30

threshold measurements of, 417

see also Hearing; Sound, perception of

## SUBJECT INDEX

Auditory cortex  
in temporal discrimination of audition, 430

Auditory space  
perception of, 25

Authoritarianism  
antecedents of, 530  
conformity and, 531  
as personality trait, 528-30  
two types of, 529

Autistic children  
behavior modification in, 109  
imitation in, 103

Autokinetic effect  
in perception of motion, 30-31

Automation  
in organizations  
alienation and, 441

Autonomic nervous system  
field dependence effect on, 509

in neonate, 92

neuroticism scale and, 499-502

Avoidance conditioning  
in behavior change, 344-45

Awareness  
perception of, 31-33

**B**

Babkin response  
in neonates, 92

Baboons  
behavior in natural environment versus zoos, 71

Balance  
in group processes, 294-95

Bargaining  
development of contractual norms in, 313

Bats  
auditory threshold in, 428  
echo location in, 428

Bayes theorem  
of sequential decision making, 243-44

Bayley Scales  
of mental and motor development in infancy, 88

Bees  
evolution of nest cells in, 68

Behavior  
aggressive  
development in children, 105

approach-withdrawal theory of  
similarity to force fields in chicken behavior, 74

attitude effects on  
game studies of, 313

categorizing  
and personality, 512-13

in children  
punishment effect on, 110-11

comparative studies of, 66-70

conflict producing, 525-28

decision theory for  
descriptive utility models in, 259-78

literature on, 240

prescriptive utility models in, 240-59

values and, 239-79  
see also Value

disorders of  
classifications of, 373-401

definition of, 375

early diagnostic approaches for, 376-80

emerging trends in classification of, 394-401

etiology of, 398-401

Jaspers' three types of, 378-80

psychotherapy objectives in, 340-41

reliability in diagnosis of, 380-88

symptoms coincident with, 373-74

validity in diagnosis of, 388-94  
see also Psychopathology

early  
effect on disease resistance, 81-82

eating  
in primates, 72  
in games  
characteristics of, 259

motivational factors of, 270-78

psychological implications of, 291

in groups  
under stress, 300-1  
see also Group

in infancy  
relation to development, 89

introversion causing, 472

measurement of  
difficulties in, 354-58

modification of  
anxiety effects in, 351-52

in autistic children, 109

avoidance conditioning in, 344-45

desensitization in, 344

evaluation of, 358-64

expectations of patients and therapists and, 352

extinction in, 344

in improving self-concept, 352

insight in, 343-44

measurement problems in, 354-58

by operant conditioning, 335

patient characteristics and, 349-50

patient pretraining and, 350

patient-therapist interactions in, 350-54

principles of, 343-46

psychotherapist attributes and, 346-48

psychotherapist behavior and, 348-49

psychotherapy procedures for, 346-54

recording techniques in, 354

situational manipulations in, 345

social modeling in, 345

in special situations, 345-46

technique innovations in, 352-54

thinking and, 343-44  
see also Psychotherapy

motor  
and Rorschach movement variable, 166-70

in organizations  
determinants of, 440-46

for effective functioning, 458

goals and, 444-45

hierarchical position and, 444

motivation and, 452

and subunit size, 442-44

variables involved in, 439

problem-solving  
in group processes, 298-302

rational  
prescriptive utility models for, 241

risk-taking  
anxiety and defensiveness and, 495

role  
in organizations, 457-58

references on, 290

reinforcement effect on, 308

sexual  
in primates, 71-72  
social  
birth order effect on, 117-18  
of chickens, 74  
development of, 74-82  
evolution of, 67-70  
in infants, 90-91  
in primates, 71-73  
of rabbits, 73  
of rodents, 73  
social reinforcement effects on, 107-9  
under stress, 300-1  
territorial  
in primates, 72  
traits as cause or tendency of, 472-74  
variation of  
comparative studies of, 68-69  
see also Adaptive behavior  
Behavior therapy  
innovations in technique in, 352-54  
objectives of  
and conception of disorder, 340  
and method, 341-43  
theory of, 338-39  
Bender Gestalt test  
in psychiatric diagnosis, 183  
Binocular relations  
in space perception, 23-25  
Biometrics  
in diagnosis of behavior disorders, 399-400  
in study of etiology of behavior disorders, 398-400  
Birds  
evolution of signaling behaviors of, 68-69  
imprinting in, 77-78  
Birth order  
effect on social behavior, 117-18  
Blackout technique  
in programmed instruction, 140  
Blame  
effect on performance in children, 111  
Bleaching  
in rhodopsin breakdown, 41-42  
Blue  
rise time in perception of, 51  
Body image  
perception of  
factors in, 32  
ink blot tests of, 175-76  
Brain  
in personality theoretical models, 480  
Brain damage  
effect on  
cognition, 517  
verbal functions, 92-93  
Brain-field theory  
of figural aftereffects, 8  
Branching programs  
in education, 151-54  
Brazil  
TAT as measure of need achievement in, 195  
Breast feeding  
effect on language development, 97  
Brief psychotherapy  
objectives of, 342-43  
results of, 339  
Brightness  
absolute threshold for vision and, 49  
adaptation effects on matching, 50  
Broca-Sulzer enhancement effect of, 50-51  
contrast in factors affecting, 53-55  
theory of, 55  
discrimination of, 52-53  
effect on compound evoked potentials at visual cortex, 47-48  
depth perception, 24  
flicker effect on, 56-57  
interaction with size effect on perception, 6  
lateral geniculate cells and, 48  
relation with area in visual threshold, 49  
time in visual threshold, 49-51  
Broca-Sulzer effect  
of brightness enhancement, 50-51  
Bureaucracy  
defining characteristics of, 440-41

C

Carefulness  
tests of, 199  
Carnivores  
instinct in predatory behavior of, 70  
Catatonic schizophrenia  
prognosis of, 390-91  
Causality  
perception of  
in visual motion studies, 30

Central nervous system  
extraversion-introversion scale and, 499-503  
reaction tendencies of in personality theory, 481-82  
role in motivation, 468  
Cerebrovascular psychosis  
diagnosis of  
consistency with time, 385-86  
Character disorders  
cognitive processes in, 516  
diagnosis of  
consistency with time, 385-86  
observer agreement in, 382-83  
statistical reliability in, 387  
Chick embryo  
early development in, 75  
Chickens  
social behavior of, 73-74  
Child rearing  
effect on  
identification, 116  
infant smiling, 90-91  
language development, 97  
personality development, 114  
sex-role preferences, 114-15  
Children  
achievement development in, 105-6  
aggressive behavior in, 105  
autistic  
behavior modification in, 109  
imitation in, 103  
behavior disorders in recent literature on, 400  
cognitive development in, 95-97, 515  
conformity behavior in, 303  
conversation development in, 96-97  
drawings of, 118  
effect of anxiety in, 103-5  
effect of frustration on performance by, 106  
effect of punishment in, 110-11  
errorless discrimination  
training techniques in, 131-34  
intellectual development in, 93-94

## SUBJECT INDEX

language development in, 97  
 learning development in, 100-3  
 motivation development in, 106  
 novelty preference in, 106-7  
 parent relation with  
     effect on personality development, 112-14  
 perceptual development in, 98-99  
 personality development in, 112-19  
 race awareness in, 116-17  
 reading development in, 99  
 reinforcement effects on behavior in, 107-12  
 risk-taking in, 116  
 social development in, 112-19  
 social reinforcement in education of, 147-48  
 teaching reading to  
     tangible reinforcers used in, 145-46  
 thinking in  
     imagery in, 96  
**Choice**  
     see Decision theory  
**Chronic brain syndrome**  
 diagnosis of  
     consistency with time, 385-86  
     observer agreement in, 381-82  
     statistical reliability in, 387  
**Civil Rights Act**  
 of 1964  
     relation to personnel selection, 207-8  
**Classification**  
     concept in children, 96  
**Clinical trials**  
     in psychotherapy research, 362-64  
**Closeness**  
     effect on conformity, 304  
**Coalition**  
     formation in groups, 313-14  
**Cochlea**  
     in frequency discrimination, 412-14  
     masking caused by distortions of, 420  
     microphonics responses of, 431  
**Cognition**  
     cardiac functions and style of, 474  
     complexity of  
         and personality, 513-14  
 development of  
     in children, 95-97, 515  
 family experiences effects on, 95  
 and personality  
     categorizing behavior, 512-13  
     differentiation, 511-12  
     field dependence, 508-10  
     interference of, 510-11  
     judgment, 511-14  
     motivation, 483  
     scanning, 514-15  
     and psychopathology, 515-17  
 in schizophrenics, 515-17  
 in stress, 520-21  
 and verbal learning, 158  
 see also Thinking  
**Color**  
 concepts in children, 95  
 perception of  
     effect of background on, 4  
     temporal effects in, 51  
 as Rorschach variable  
     relation to movement, 167, 169  
     significance of, 170-71  
**Combination tones**  
 nature of, 420  
**Communication**  
 between dolphins  
     in electroacoustically linked tanks, 429  
 between groups  
     prestige effect on, 322  
**channels in groups**, 315-16  
 in games, 275-77  
 and group dynamics, 292  
 by odor, 73  
 psychotherapy theory and, 336  
 in schizophrenics, 394  
 and social status, 319  
**Comparative psychology**  
 of development  
     critical periods in, 80-81  
     descriptive studies on, 74-75  
     early behavioral experience effects in, 81-82  
     early stimulation effects in, 80-81  
     prenatal maternal stress effects on, 82  
     in primary socialization and imprinting, 76-78  
     social isolation and restriction effects on, 79  
 theoretical studies in, 75-76  
 of evolution  
     applied to animal-built structures, 68  
     applied to behavioral variation, 68-69  
     applied to instinct, 66-67  
     applied to population control, 69  
     applied to social behavior, 67-70  
     applied to social organization, 69-70  
 recent history of, 65-66  
**Competition**  
 frustration effect on aggression in settings of, 315  
 in groups  
     game studies on, 310-15  
     imitation in settings of, 314  
**Complementarity**  
 of needs in marriage partners, 295-97  
**Compound evoked potentials**  
 at visual cortex  
     factors affecting, 47-48  
**Computers**  
 in analysis of group behavior, 294  
 in diagnosis of mental illness, 400  
 in personality research, 496  
**Conceptualization**  
 in children, 95-96  
 perception and, 15-17  
**Concurrent validity**  
 in diagnosis of behavior disorders, 389-90  
**Conditioning**  
 age effect on, 92  
 avoidance  
     in behavior change, 344-45  
 as distinct from imprinting, 76-77  
 extraversion-introversion trait and, 501  
**operant**  
     in human behavior modification, 335  
     in treatment of phobias, 353  
 see also Learning  
**Cones**  
     dark adaptation and, 52  
     interaction with rods, 55  
**Confirmation method**  
     in verbal instruction, 134-35  
**Conflict**

and defense  
in personality, 525-28

Conformity  
anxiety and, 531  
authoritarianism and,  
531  
in children, 303  
closeness effect on, 304  
effect on group dynamics,  
302-8  
in ego development, 487  
feeling of acceptance and,  
303-4  
group characteristics effect  
on, 303-4  
individual personality and,  
304-6  
obedience and, 306-7  
of opinions  
as ingratiation tactic,  
307-8  
as personality trait, 530-  
33  
and psychopathology, 532  
relation to sociometric  
status, 314  
sex and, 531  
similarity effects on, 305-  
6  
stress and, 304  
task effect on, 303  
uncertainty and, 305

Conjoint measurement  
in test theory, 222-27  
of utility and probability  
in behavioral decision,  
247-52

Conjoint ordering  
of subjects  
test items and, 219-22

Conscience  
see Superego

Consistency  
in personality traits, 471-  
74

Consonance  
in music  
frequency and, 415

Constancy  
of personality, 474-78

Construct validity  
in diagnosis of behavior  
disorders, 393-94  
in personality measure-  
ment, 491

Context  
in perception, 4-17

Contours  
effect on binocular bright-  
ness, 25  
in figure-ground perception,  
12-13  
perception of, 18-19

Contrast  
brightness  
factors affecting, 53-  
55

theory of, 55  
in perception, 7

Convergence  
visual  
effect on emotional devel-  
opment, 91

Conversation  
development in children,  
96-97

Cooperation  
dependence effects on,  
315

factors affecting, 312  
friendship effects on, 310-  
11

frustration effect on aggres-  
sion in settings of, 315

in groups  
game studies on, 310-  
15

imitation in settings of,  
314

sex effects on, 311-12

time effect on, 312

Correlational model  
in personnel selection, 201-  
2

Cortex  
auditory  
in temporal discrimination  
of audition, 430

visual  
relation to critical flicker  
frequency, 58-59

Cottontail rabbits  
social behavior of, 73

Creativity  
daydreaming factors and,  
536

definition of, 536

factor analysis of, 537

motivation and, 538

as personality trait, 536-  
39

productivity and, 537

regression and, 538

relation to  
anxiety, 94  
intelligence, 94

tests of, 195, 538-39

Criteria  
in personnel selection  
dimensions of, 196-97

problem of, 195-96

ratings as, 197-98

Critical flicker frequency  
adaptation effects on,  
57

neural mechanism for,  
58-59

reproducibility hypothesis  
for, 58

surround luminance and,  
56

Critical periods  
for adrenal stress mecha-  
nism, 81

of development  
comparative studies on,  
80-81

Criticism  
in education  
compared to praise, 147

effect on performance,  
108

Cross-modality matching  
clinical application in hear-  
ing disorders, 409

in loudness sensation, 407-  
9

Cues  
effect in learning develop-  
ment, 100-1

Culture  
effect on  
intelligence, 93-94  
need achievement, 178-  
79

personnel selection tests,  
195

**D**

Dark adaptation  
effect on brightness matches,  
50

electroretinogram correla-  
tion with, 45

intracocular pressure effect  
on, 51

summation pool theory for,  
51-52

visual sensitivity and, 51-  
52

Daydreaming  
factor analysis of  
creativity and, 536

Decision theory  
additivity of utilities in,  
245-47

algebraic utility models in,  
259-61

applied to  
group decision-making,  
244-45, 290

research, 252-54

sequential decision-making,  
243-44

descriptive utility models  
in, 259-78

literature on, 240

prescriptive utility models  
in, 240-59

values and, 239-79

conjoint measurement of  
utility and probability in,  
247-52

constant utility models in,  
261-65

effect of outcome in, 243

game theory and  
in descriptive utility mod-  
els, 268-78

## SUBJECT INDEX

in prescriptive utility models, 254-59  
 multidimensional utilities in, 247  
 need achievement in, 266-67  
 in organizations, 445  
 permissible subjective probability functions in, 247  
 and personality theory, 479  
 in personnel selection, 205-6  
 random utility models in, 265-66  
 see also *Value*

Defense mechanisms and conflict in personality, 525-28 and conformity, 304-5 in organizational behavior, 454 and risk-taking behavior, 495 in schizophrenics, 516 and stress reaction, 527

Delayed reinforcement with knowledge of correct response effect on learning, 150

Delayed retention and learning, 144-45

Delinquency effect of parental loss on, 113

Dependency and power structure in groups, 316-17 relation to cooperation, 315 as response to anxiety, 340

Depression diagnosis of consistency with time, 385-86 observer agreement in, 381-82 statistical reliability in, 387 relation to Rorschach color variable, 170 special procedures for alleviation of, 346 treatment in, 393

Deprivation sensory effects of, 32-33, 509-10

Depth difference from distance, 21 perception of binocular relations in, 23-24

Derived movements evolution of, 68-69

Desensitization in behavior change, 344

Detection in audition masking phenomena and, 418-20 problems of measurement of, 416-17

Development in children of achievement, 105-6 of aggression, 105 of cognition, 93-99 of conversation, 96-97 of intelligence, 93-94 of motivation, 106 of perception, 98-99 of scanning, 98 of cognition family experience effects on, 95

critical periods of comparative studies of, 80-81

of disease resistance early behavioral experience effects on, 81-82

early stimulation effects on, 80-81

of emotionality in rat effect of infantile stimulation on, 80-81

of emotions, 91

of imprinting comparative studies in, 76-78

in infancy of autonomic functions, 92

cerebral lesions effect on, 92-93

of conditioning, 92

of emotions, 91

of habituation, 92

of perception, 90

perinatal anoxia effect on, 92

relation to activity, 89

relation to motor behavior, 89

relation to test performance, 88-89

of vocalization, 91

of intelligence relation to motor activity, 94

relation to social class, 93-94

of language child rearing effects on, 97

sequence in, 97

of learning comparative studies on, 75-76

discrimination in, 100-1  
 in imitation, 102-3 paired-associates and, 101-2 and probabilistic situations, 102 shift behavior and, 101 of perception, 90 of personality child rearing effects on, 114 clinical importance of, 478 identification and, 116, 478 longitudinal studies of, 112 parent-child relations in, 112-14 psychoanalytic theory of, 118 sex-role preferences in, 114-16 superego changes in, 490

prenatal maternal stress effects on, 82

of primary socialization comparative studies in, 76-78

psychology of current state of, 87 descriptive studies in, 74-75 theoretical studies in, 75-76

of reading factors involved in, 99 sequence in, 99

of responsiveness in infants, 91

of social behavior in infants, 90-91

social isolation effects on comparative studies on, 79

of speech child rearing effects on, 97

of vision, 89-90

Deviation in group dynamics, 306

Diagnosis of behavior disorders biometrics in, 399-400 computers used in, 400 concurrent validity in, 389-90 configural approach in, 377 consistency with time, 384-86 construct validity in, 393-94 definition of, 376

emerging trends in, 394-401  
 factor analysis in, 396-97  
 factors affecting disagreement in, 395  
 observer agreement in, 380-84  
 predictive validity in, 390-93  
 prognosis and, 390-93  
 purposes of, 373-75  
 statistical reliability in, 386-88  
 symptoms and, 395-97  
 systematic structured interviews in, 397  
 treatment relation to, 374-75, 392-93  
 typological approach in, 376-77  
 of childhood behavior disorders  
 recent literature on, 400  
 of psychopathology  
 Bender Gestalt test in, 183  
 Rorschach test in, 172-74  
**D**  
 Differentiation  
 conceptual and personality, 511-12  
 in perception, 2-4

 Rorschach scales and, 168-69  
 success in sales work and, 192  
**Enuresis**

## SUBJECT INDEX

modification by aversive conditioning, 344-45

Epileptic psychosis

- diagnosis of
- consistency with time, 385-86

Errors

- in discrimination learning, 131-34

Ethics

- in personnel selection, 209

Ethology

- applied to
- animal-built structures, 68
- behavioral variation, 68-69
- instinct, 66-67
- population control, 69
- social behavior, 67-70
- social organization, 69-70

Evoked cortical response

- in audition, 430

Evolutionary psychology

- applied to
- animal-built structures, 68
- behavioral variation, 68-69
- instinct, 66-67
- population control, 69
- social behavior, 67-70
- social organization, 69-70

Excitation

- in visual perception
- lateral geniculate cells and, 46

Experience balance

- in Rorschach test, 169

Extinction

- in behavior change, 344
- extraversion-introversion trait and, 501

Extraversion

- need achievement and, 499
- nervous system attributes of, 482, 499-503

Eye

- receptor potential in, 42-43
- visual sensitivity in *Limulus*, 42
- vitamin A deprivation effect on, 43

Eye fixations

- and interpersonal attitudes, 293

**F**

Face work

- in social relations, 291

Facial expressions

- and interpersonal attitudes, 293

Factor analysis

- of creativity, 537
- of daydreaming, 536
- in diagnosis of behavior disorders, 396-97
- of personality
- consistency in, 497-99
- criticisms in, 490-91
- higher-order factoring in, 488-90
- tests in, 490

Failure

- effect on
- group problem solving, 300
- learning, 111

Family

- effect on
- cognitive development, 95
- need achievement, 178-79

Interactions in

- difference from interactions with strangers, 302

sex-role differentiation

- disappearance in, 302

in primates, 71

Father

- effect on need achievement, 178-79

Feedback

- in games, 275-77
- in instruction
- aversive control of, 148
- correction procedures as, 151-54
- knowledge of correct responses as, 148-51
- social reinforcers as, 146-48
- tangible reinforcers as, 145-46

Ferry-Porter law

- for critical flicker frequency, 58

Fetish

- modification by aversive conditioning, 345

Field dependence

- as cognitive variable of personality, 508-10

effect on

- audition, 509
- autonomic nervous system, 509

Figural aftereffects

- applied to tactual-kinesthetic effects, 10
- duration effect on, 10

mechanisms for, 8-11

movement effects on, 10

perception of, 7-11

size effect on, 10

Figure drawing test

- as projective measure, 183

Figure-ground

- perception of
- masking and, 12-13
- see also Form perception

Filial therapy

- in behavior modification, 345

Fixation

- on objects
- in infancy, 90

Flicker

- effect on brightness, 56-57
- surround luminance and, 56

Focus

- effect on perception, 17

Force fields

- in social organization of chickens, 74

Forewarning

- effect on subsequent mistakes, 103

Form perception

- in children, 95
- contours in, 18-19
- discrimination in, 17-18
- factors in, 3
- "goodness" and, 19
- same-different problem in, 17
- tactual, 18

Fovea

- visual sensitivity in, 50

Foxes

- social organization of, 69

Freedom

- interpersonal relations and, 448

Frequency

- discrimination of
- aural harmonics and, 415
- musical consonance and dissonance and, 415
- perception of
- cochlea in, 413-14

Friendship

- effect on cooperation, 310-11
- leadership and, 320
- popularity level and, 297
- similarity and compatibility of needs in, 296-97

Frustration

- effect on performance in children, 106

expectancy of effect on aggression, 315

Fundus reflectometry in rhodopsin studies, 43

**G**

Galvanic skin response in neonates, 92

Gambling decision theory and, 248-52

Games behavior in psychological implications of, 291

mixed-motive in studies of group dynamics, 310, 313

non-zero-sum communication and feedback in, 275

instructional set in, 270-71

literature on, 268

payoff structure in, 271-74

personality factors in, 277-78

strategy of other player in, 274-75

two person, 268-70

in study of group dynamics, 310-15

zero-sum in decision theory, 255-58

failure-avoidance behavior in, 311

Game theory in decision theory criticism of, 255-56

in descriptive utility models, 268-78

in prescriptive utility models, 254-59

and human behavior, 259

Ganglion cells in visual perception, 46-47

General systems theory of organizations, 445-46

Genes survival of in evolution of behavior, 67-68

Geometry comparison of programs for teaching of, 138-39

Goals of organizations as determinants of behavior, 444-45

Goats parental emotional bonds

in, 78

Graphemes discrimination of in reading, 99

Graphology in personnel selection, 194

Graph theory applied to organizations, 446

related to group structures, 290

Group coalition formation in, 313-14

decision-making in methods for, 301-2

prescriptive utility models for, 244-45

risk and, 301

dynamics of attraction in, 294-98

books on, 289-92

communication and, 292

competition and, 310-15

computers and, 294

conformity and, 302-8

cooperation and, 310-15

in decision making, 301-2

deviation in, 306

dominance and, 292-93

graph theory and, 290

independent and dependent variables in study of, 288

journals on, 292

problem solving in, 298-302

psychological emphasis in, 287-88

rank-influence process in, 302

reinforcement in, 308-10

social exchange and, 291, 293

social influences of, 302-8

under stress, 300-1

hysterical contagion in, 304

intergroup processes of, 321-22

interpersonal relations in factors in variance of, 498

leaders of characteristics of, 319-21

members of characteristics of, 321

social power in reinforcement and, 309-10

structural characteristics of communication channels, 315-16

leaders, 319-21

members, 321

power structure, 316-19

see also Organizations

Guessing on tests assessment of, 230-31

Guilt in adolescents, 490

Guinea pig hearing in, 428

**H**

Habituation in infancy, 92

Harmonics effect on frequency discrimination, 415

Head Start effect on IQ of culturally deprived, 94

Head turning stimulus conditions affecting, 89

Hearing cochlear loss in loudness summation in, 411

disorders of abnormal loudness growth and, 408-9

histological correlations of, 431

see also Audition

Heart control of in infancy, 92

Heart rate situational adaptiveness formation and, 474

Hebephrenia prognosis of, 391

Hierarchy of behaviors in personality theory, 484-85

in knowledge, 157-58

in organizations interpersonal relations and, 448-49

member attitudes and, 444

of values and behavior, 239-40

History personal value in personnel selection, 200

Holism psychotherapy theory and, 336

## SUBJECT INDEX

Holtzman Ink blots  
color variable in  
significance of, 170

Homeostasis  
and motivation, 521  
in personality theory,  
484

Homosexuals  
behavior modification in,  
346

Horizontal cells  
mechanism in vision,  
47

Hospital  
effect on consistency of  
psychiatric diagnosis,  
384

Hostility  
in groups  
external threat effect on,  
322

in TAT  
significance of, 180-82

Hysteria  
contagion in groups,  
304

diagnosis of  
consistency with time,  
385

treatment of, 393

Hypothaloid-obesoid dimension  
of personality, 499

**I**

Identification  
child rearing effect on,  
116

in personality development,  
116, 478

Illusions  
Müller-Lyer type, 7  
of parallelism, 7-8  
perception of, 7-11  
physiological basis for,  
8

Imagery  
in children thinking, 96

Imitation  
in cooperative and competitive settings, 314  
learning of, 102-3

Imprinting  
in birds, 77-78  
development of  
comparative studies in,  
76-78

in mammals, 78  
nature of, 76-77

Impulsivity  
relation to Rorschach color  
variable, 170

Incidental material  
and learning, 142-44

Industry  
personnel selection in  
psychology applied to,  
191-210

Infants  
activity in  
relation to development,  
89

conditioning in, 92

development of  
cerebral lesions effect on,  
92-93

perinatal anoxia effect on,  
92

habituation in, 92

motor behavior in, 89

perceptual development in,  
90

psychological development  
in, 88-93

responsiveness in, 91

social behavior in, 90-91

swaddling of  
effects on sleep, 114

test performance in, 88-89

vision development in, 89-90

vocalization in, 91

Information  
extraction in perception,  
3

value placed on, 253

Information processing  
in audition, 426-27

cognitive control and, 483

in personality theory, 479-80

Information theory  
and small group dynamics,  
292

Ingratiation  
opinion conformity as tactic  
of, 307-8

in seeking affiliation, 298

Inhibition  
in figural aftereffect perception, 9

lateral  
delay in ear, 415

         effect of stress on, 300-1  
     in organizations  
         personality and, 453  
         production and, 448  
     reinforcement in evolution of, 320  
 Learning  
     attentional effects of overt responding in, 141-42  
     in communication networks, 315  
     correction procedures and, 151-54  
     current research on, 336-37  
     delayed reinforcement effect on, 150  
     delayed retention in, 144  
     development of  
         comparative studies on, 75-76

## SUBJECT INDEX

discrimination in, 100-3  
 in imitation, 102-3  
 paired-associates and, 101-2  
 in probabilistic situations, 102  
 shift behavior and, 101  
 educational aspects of  
 feedback factors in instruction and, 145-54  
 organization and sequence in instruction and, 154-58  
 response factors in instruction and, 139-45  
 stimulus factors in instruction and, 131-39  
 technology of instruction and, 129-31  
 effect on test performance, 228  
 errorless discrimination technique for, 131-34  
 evolution of, 69-70  
 failure effect on, 111  
 in game situations, 259  
 hierarchical organization of, 157-58  
 incidental material and, 103, 142-44  
 in infancy, 92  
 IQ relation with, 101  
 knowledge of correct response in, 148-51  
 need achievement effect on, 177  
 prompting in verbal instruction in, 134-38  
 remedial instruction and, 151  
 social  
 psychotherapy and, 336-37  
 social reinforcement in, 146-48  
 in sound perception, 428  
 spaced review on, 156-57  
 success effect on, 111  
 tangible reinforcement in, 145-46  
 theory of  
 and neurosis, 335  
 psychotherapy theory and, 334-35  
 variety of instruction and, 138-39  
 see also Conditioning; Education; Instruction  
**Lessons**  
 critical content in learning, 140  
 development in instruction, 129-30  
**Light**  
 effect on  
 auditory perception, 14-15  
 gustatory perception, 14  
 rhodopsin breakdown, 42-44  
 perception of  
 electrical activity and, 44-48  
 photoreception in, 41-44  
 psychophysical relationships in, 48-59  
 see also Vision  
**Light adaptation**  
 effect on brightness matches, 50  
 electroretinogram and, 45  
 visual sensitivity and, 52  
**Limulus**  
 electrophysiology of vision in, 44-48  
 receptor potential in eye of, 43  
 spectral sensitivity of median eye of, 42  
**Loudness**  
 abnormal growth of  
 clinical significance of, 408-9  
 application to acoustics, 412-13  
 cross-modality matching of, 407-9  
 curves for, 409-10  
 equal contours of, 412  
 as power function, 409-10  
 procedural artifacts of, 410  
 scaling in estimation of, 408-9  
 summation of, 411  
 temporal decay in, 411-12  
 volume and density relation to, 410-11  
 see also Audition  
**Luminance**  
 see Brightness  
**Lumirhodopsin**  
 in rhodopsin breakdown, 41-42

**M**

**Maladjustment**  
 repression-sensitization trait related to, 527  
**Mallards**  
 emotional bonds formed in, 77  
**Mainnutrition**  
 effect on IQ, 93  
**Mammals**  
 imprinting in, 78  
**Management**  
 motivation in, 455  
 personnel selection for, 192-93  
**Manic-depressive psychosis**  
 diagnosis of  
 consistency with time, 385  
 observer agreement in, 381-82  
 predictive validity in, 390  
 statistical reliability in, 387  
 prognosis of, 391  
**Manifest anxiety**  
 factorial composition of, 524-25  
 neural conceptions of, 523-24  
 physiologic correlates of, 525  
**Marmot**  
 social organization of, 73  
**Marriage**  
 need-complementarity in, 295-97  
**Masking**  
 attention span and, 12  
 binaural release from, 420-23  
 central summation and, 423  
 as cochlear phenomenon, 420  
 effect on audition, 418-20  
 perception and, 11-13  
 visual sensitivity and, 55-56  
**Mathemagenic behavior**  
 in learning, 141  
**Maturity**  
 personal history in evaluating, 200  
**Meaning**  
 perception of, 15-17  
**Measurement**  
 of behavior change, 354-58  
 of job satisfaction, 456  
 of personality  
 criteria for validity and reliability in, 491-93  
 response bias in, 503-8  
 strategy in, 486-91  
 see also Tests  
**Menstrual cycle**  
 effect on binaural beat audition, 424  
**Mental deficiency**  
 diagnosis of  
 consistency with time, 385-86  
 observer agreement in, 381-82  
**Mental illness**  
 conformity and, 532

organizational member's hierarchical position and, 444  
 see also Psychiatry; Psycho-pathology

Mental retardation cognitive processes in, 517

Metacontrast perception and, 11-13

Middle-ear muscles in audition, 429-30

Mimicry evolution of, 70

Minimal cerebral dysfunction cognitive processes in, 517 verbal functions in, 92-93

Minimax principle in game theory, 255-59 in non-zero-sum games, 269-70

MMPI in diagnosis compared to Rorschach and TAT, 173 validity of, 389

response bias in acquiescence factor as, 507 need for approval factor as, 506 social desirability factor as, 505-6 variance in socially desirable tendencies and, 487

Moderators in personnel selection, 202-4

Monkeys auditory thresholds in, 428 effect of social disorganization on, 71 family structure in, 71 psychological development of, 74 territorial behavior of, 72

Mood quality of early pattern organization of, 475

Mother effect of behavior on child IQ, 93

Motion perception of, 27-31 see also Movement

Motivation central nervous system role in, 468 and creativity, 538 development of deprivation-satiation effects on, 106 effect on time perception, 27 in game behavior, 270-78 homeostatic need of, 521 in management, 455 novelty effects on, 106-7 in organizations hierarchical level and, 444 job satisfaction and, 456 in personality theory cognitive aspects of, 483, 519-22 self-concept and, 480 sexual theory of, 521-22 see also Decision theory; Need achievement

Motor behavior in infancy relation to development, 89, 94 and Rorschach movement variable, 166-70

Movement effect on figural aftereffects, 10 kinesthetic perception of, 31 perception of factors in, 27-31 mental set effect on, 15 and Rorschach variable, 167-68 as Rorschach variable relation to color, 167, 169 significance of, 166-70 visual perception of, 27-31, 46

Music consonance and dissonance in frequency determinations of, 415

N

Necker cube reversals of, 8

Need achievement cultural differences of, 178-79 in decision theory, 266-67 effect on learning, 177 family effect on, 178 organizational behavior and, 452 personal and social types of, 499 sex differences of, 179-80

Obedience conformity and, 306-7

Obese people cognitive processes in, 516

Obsessive-compulsive neurosis diagnosis of statistical reliability in, 387

Odor communication by, 73

Operant conditioning in human behavior modification, 335

## SUBJECT INDEX

Opinion  
conformity of  
as ingratiation tactic,  
307-8

Opsin  
production from rhodopsin,  
41-42

Ordering  
of subjects  
in test theory, 218-19

Organic brain syndromes  
diagnosis of  
consistency with time,  
385-86  
observer agreement in,  
381-82  
statistical reliability in,  
387-88

Organizational climate  
definition of, 441-42

Organizations  
absenteeism in  
structural factors and,  
459

behavior in  
for effective functioning,  
458

bureaucracies  
defining characteristics  
of, 440-41

consequences of, 458-60

decision-making behavior  
of, 445

elimination of supervisor-  
subordinate relations in,  
450

general systems theory of,  
445-46

goals of  
as determinants of behav-  
ior, 444-45

graph theory applied to,  
446

hierarchical properties of,  
444, 448-49

interpersonal relations in  
personality differences  
and, 453-54

production and, 447-48

rules and, 448

job satisfaction in  
consequences of, 458-  
59

factors affecting, 455-57

leadership in  
production and, 448

performance in  
factors affecting, 459

personality differences  
and, 452-55

personality needs and, 451

psychology of  
current state of field,  
437

determinants in, 440-  
46

literature on, 437-39

nomenclature in, 440

trends and needs in, 460-  
61

variables involved in,  
439

role behavior in, 457-58

size of  
member behavior and,  
442-44

member participation and,  
459

productivity and, 443

social  
evolutionary studies of,  
69-70

see also Social organiza-  
tion

structural components of,  
450

Organizers  
in hierarchical learning,  
158

Orientation Inventory  
application in organizational  
psychology, 452

Orphans  
distractibility in, 517

Outcome  
effect on decision, 243

see also Decision theory

Outcome index  
in prognosis of mental ill-  
ness, 392

Overinclusion  
in schizophrenics, 394

**P**

Paired-associates  
prompting in verbal instruc-  
tion and, 136

Parallelism  
illusion of, 7-8

Paranoid psychosis  
cognitive processes in,  
518

diagnosis of  
consistency with time,  
385-86

prognosis of, 390

Parents  
child relation with  
effect on personality devel-  
opment, 112-14

emotional bonds of  
in sheep and goats, 78

loss of  
effect on delinquency,  
113

Partial cues  
in perception, 3

Passive-aggressive person-  
ality

diagnosis of  
statistical reliability in,  
387

Patients

in psychotherapy  
effect of characteristics  
of, 349-50

effect of pretraining on,  
350

effect of role expectations  
in, 352

effect of therapist inter-  
action with, 350-54

Peace Corps  
personnel selection in, 193-  
94

Perception  
adaptation level in, 5-7

anchor effect in, 6

assimilation in, 7

of auditory space, 25

of awareness, 31-33

of binaural beats, 424

of body image, 32

of cause, 30

central nervous system role  
in, 468

of color

temporal effects in, 51

conceptualization and, 15-  
17

constancy scaling in, 542

context and, 4-17

contrast and, 7

of depth  
binocular relations in, 23-  
24

development of  
in children, 98-99

in infancy, 90

differentiation and, 2-4

discrimination in  
development of, 98

of distance  
development in children,  
98

of duration  
in audition, 425-26

of echo location, 428

of figural aftereffects, 7-  
11

of figure-ground  
masking and, 12-13

of form  
contours in, 18-19

discrimination in, 17-18

'goodness' and, 19

same-different problem in,  
17

tactual, 18

in game behavior, 278

of illusions, 7-11

information extraction in,  
3

instruction effects on,  
15

integration and, 2-4

interactive effects in, 4-  
17

intermodality relations in,  
13-15

intrasensory processes in, 4-5  
of kinesthetic movement, 31  
literature on, 1-2  
of loudness  
cross-modality matching studies of, 407-9  
summation in, 411  
temporal decay in, 411-12  
volume and density and, 410-11  
masking and, 11-13  
of meaning, 15-17  
mental set effect on, 15  
metacontrast and, 11-13  
of movement  
factors in, 27-31  
and Rorschach variable, 167-68  
of others' power  
effect on bargaining, 314  
partial cues in, 3  
of pitch  
frequency spectrum in, 413-14  
time pattern in, 413-14  
at upper limit of air conduction, 412  
sensory deprivation effects on, 32-33  
of sound  
amplitude discrimination in, 420  
in animals, 428-29  
binaural interaction in, 420-24  
detection in, 416-20  
duration estimation in, 425-26  
frequency selectivity in, 414-15  
information processing in, 426-27  
lateralization in, 423-24  
learning in, 427-28  
light effect on, 14-15  
loudness and, 407-13  
masking phenomena in, 418-20  
physiological correlates in, 430-31  
pitch and, 413-14  
reaction time in, 426  
of space  
auditory cues in, 25  
binocular relations in, 23-25  
constancy problems in, 20-23  
development in children, 98  
in infants, 90  
literature on, 20  
relation to body position, 13-14  
size-distance relation in, 21-22  
slant-shape relations in, 22-23  
spatial factors in, 4-5  
of speech  
multidimensional analysis of, 426  
in strabismus, 13  
temporal factors in, 5, 26-31  
of time  
factors in studies of, 26-27  
relation to Rorschach movement variable, 167  
visual  
electrical activity and, 44-48  
ganglion cells in, 46-47  
in infants, 90  
literature on, 41  
masking effects on, 55-56  
photoreception in, 41-44  
psychophysical relationships in, 48-59  
touch influence on, 14  
of visual movement  
factors in, 27-31  
lateral geniculate nucleus in, 46  
Performance  
punishment effect on, 111  
social status effects on, 318  
verbal reinforcement effects on, 108  
Permissiveness  
effect on language development, 97  
Persistence  
early pattern organization of, 475  
tests for  
in personnel selection, 203  
Personality  
achievement traits in, 533-36  
acquiescence trait in  
as response bias, 506-7  
anxiety trait in, 522-25  
authoritarianism trait in, 528-30  
character disorders of  
consistency of diagnosis over time, 385-86  
observer agreement in diagnosis of, 381-82  
cognitive variables in categorizing behavior, 512-13  
differentiation, 511-12  
field dependence, 508-10  
interference of, 510-11  
judgment, 511-14  
motivation, 519-22  
and psychopathology, 515-17  
scanning, 514-15  
conflict and defense in, 525-28  
conformity trait in, 530-33  
creativity trait of, 536-39  
development of  
child-rearing effects on, 114  
clinical importance of, 478  
identification in, 116, 478  
intrinsic activity and, 478-79  
longitudinal studies in, 112  
parent-child relations in, 112-14  
psychoanalytic theory of, 118  
sex-role preferences in, 114-16  
superego changes in, 490  
deviant subjects in study of, 496  
dynamics of  
definition of, 467  
effect on conformity, 304-6  
ego and superego aspects of, 518  
experimental context in  
studies of, 493-95  
extraversion-introversion scale in  
relation to central nervous system, 499-503  
factor analysis of  
consistency in, 497-99  
criticisms of, 490-91  
higher-order factoring in, 488-90  
tests in, 490  
game behavior and, 277-78  
generic attitudes of, 476-77  
of group members  
effect on group structure, 321  
homeostasis in, 484  
integrative nature of, 468-69  
intelligence effects on measures of, 203  
interpersonal relations in organizations and, 453-54

## SUBJECT INDEX

leadership in organizations and, 453  
 measurement of criteria for validity and reliability in, 491-93  
 response bias in, 503-8  
 strategy in, 486-91  
 moderator variables in, 495-96  
 need for approval trait of as response bias, 506  
 neuropsychological theory and, 468  
 neuroticism in relation to autonomic nervous system, 499-502  
 as organizational determinant differences in, 452-55 needs of, 451  
 phenotypic description of, 498  
 physiological relations of, 474-75  
 projective tests of Bender Gestalt, 183 figure drawing, 183 ink blots, 166-76 sentence completion, 183 TAT, 176-83  
 psychology of future developments in, 539-42 psychopathology relation to, 400  
 related to success as salesman, 192  
 repression-sensitization trait in, 526-27  
 role behavior in organizations and, 453 as set of abilities, 487, 492  
 situation reaction constants of, 475-76  
 social desirability trait in consistency of, 504  
 stable properties of, 474-75  
 statistics in study of, 496  
 structures of definition of, 467  
 tests of consistency of, 492-93  
 difficulty of items in, 234  
 in factor analytical approach, 490 and invasion of privacy, 208-9  
 in personnel selection, 198-200  
 technical problems with, 199-200  
 theory applied to, 234

theory of central nervous system reaction tendencies in, 481-82  
 classes of constancies in, 474-78  
 cognitive control in, 482-86  
 developmental aspects of, 478-79  
 Eysenck's approach in, 482 and method, 486  
 organismic models for, 479-80  
 problem of generality and consistency in, 471-74  
 self-regulation in, 469-70  
 trends in, 487-88  
 traits in as cause or tendency, 472-74

Personnel selection of correlational model in, 201-2  
 criteria and their development in, 195-98  
 current changes in, 191-92  
 decision theory and, 205-6  
 ethics in, 209  
 in foreign countries, 194-95  
 interview and, 200-1 and invasion of privacy, 208-9  
 as managers, 192-93  
 moderator designs in, 202-4  
 for Peace Corps, 193-94  
 predictor techniques in, 198-201  
 public responsibility and, 207-9  
 as salesmen, 192  
 statistical significance in, 204-5  
 subjective prediction in, 206-7

Phantom limb perception of age effect on, 98-99

Phenothiazines in treatment of mental illness, 393

Phobias conditioning procedures in treatment of, 353 desensitization in reduction of, 344

Photoreception in visual perception, 41-44

Pitch

discrimination of at upper limit of air conduction, 412  
 frequency spectrum parameter of, 413-14  
 perception of frequency selectivity in, 414-15  
 place in cochlea, 413-14  
 time pattern parameter of, 413-14

Place pitch in cochlea, 413-14

Popularity effect on friendships, 297

Population control evolution of social behavior and, 69

Position relation to space perception, 13-14

Practice effect on test performance, 228

Prairie deer mouse habitat selection in, 69

Praise in education compared to criticism, 147  
 effect on performance, 107-8

Predatory behavior in carnivores instincts in, 70

Prediction in personnel selection interview in, 200-1 personal history data and, 200  
 subjective use of, 206-7 tests used as, 198-200

Predictive validity in diagnosis of behavior disorders, 390-93

Prestige effect on intergroup communication, 322

Primary socialization development of comparative studies in, 78-79

Primates common behavioral attributes of, 72-73  
 comparative social psychology applied to, 71-73  
 food habits of, 72  
 psychological development of, 74

Prisoner's Dilemma Game in decision theory studies, 268-70

Privacy personality tests and invasion of, 208-9

Probabilistic Information Processing in decision theory, 252-53

Probability concept in children, 96 conjoint measurement with utility in behavior decision, 247-52 in descriptive utility models of behavior decision, 259-67 learning of, 102 as parameter in prescriptive models of behavioral decisions, 241-42

Problem solving in group processes in decision making, 301-2 facilitation of, 299 leadership effects on, 320 task difficulty and, 299-300

Prognosis and diagnosis of behavior disorders, 390-93

Prognostic Rating Scale application in psychiatry, 173

Programed instruction branching, 151-54 in educational TV, 130 incidental material and, 144 knowledge of correct response as reinforcer in, 150-51 lesson development in, 129 prompting in, 137-38 role of response mode in, 139-40 spaced practice effect of, 157

Projective tests Bender Gestalt, 183 figure drawing, 183 Kahn Test of Symbol Arrangement, 183-84 problems with semantics, 165-66 Rorschach anxiety effect in, 172 color variable in, 170-71 diagnostic applications of, 172-74 diverse uses of, 165-66 movement variable in, 166-70 validity of original constructs of, 166-71 whole response in, 171-72 sentence completion, 183 specialized ink blot scales, 174-76

TAT need achievement in, 177-80 problems with, 176-77 see also Rorschach test; Thematic Apperception Test

Prompting in errorless discrimination training, 133-34 in programmed instruction, 137-38 in verbal instruction, 134-38

Psychiatry behavior modification in evaluation of, 358-64 measurement problems of, 354-58 principles of, 343-46 procedures for, 346-54 special procedures for, 346 classification of disorders in chaotic state of, 375-76 emerging trends in, 394-401 Jaspers' three disease types as, 378-80 literature on, 376-78 reliability of, 380-88 review on, 373-401 validity in, 388-94 learning theory and, 334-35 psychotherapy objectives in, 340-43 psychotherapy theory in, 334-40 see also Psychopathology; Psychotherapy

Psychoanalysis objectives of in therapy, 341-42 and psychotherapy current research on, 333 recent literature on, 333 self-regulatory system in, 470 theory of personality development, 118

Psychological testing see Tests and under name of test

Psychologists clinical training of, 365

Psychology of audition amplitude discrimination and, 420 animal behavior studies in, 428-29 binaural interaction in, 420-24 detection and, 416-20 duration estimation in, 425-26 frequency selectivity and, 414-15 information processing in, 426-27 learning in, 427-28 loudness and, 407-13 physiological correlates in, 430-31 pitch and, 413-14 reaction time in, 426 sound transmission in, 429-30 comparative of evolution, 66-70 recent history of, 65-66 developmental behavior modification in, 109 of cognitive processes, 93-99 comparative, 74-82 critical periods in, 80-81 current state of, 87 descriptive studies of, 74-75 early behavioral experience effects in, 80-82 of infancy, 88-93 of learning, 100-3 of motivation, 103-7 of personality, 112-19 prenatal maternal stress effects on, 82 of primary socialization and imprinting, 76-78 reinforcement effect on, 107-12 social isolation and restriction effects on, 79 theoretical studies in, 75-76 educational feedback factors in instruction in, 145-54 organization and sequence of instruction in, 154-58 response factors in instruction in, 139-45 stimulus factors in instruction in, 131-39 technology of instruction in, 129-31 of evolution applied to animal-built structures, 68 applied to behavioral variation, 68-69 applied to instinct, 66-67 applied to population control, 69

## SUBJECT INDEX

applied to social behavior, 67-70  
 applied to social organization, 69-70  
 of game behavior, 254-59  
 of group dynamics  
     attraction in, 294-98  
     characteristics of group members, 319-21  
     communication, 292, 315-16  
     cooperation and competition, 310-15  
     in decision-making, 301-2  
     dominance and, 292-93  
     intergroup processes, 321-22  
     literature on, 289-92  
     power structure, 316-19  
     problem solving and, 298-302  
     psychological emphasis in, 287-88  
     reinforcement, 308-10  
     social influences on, 302-8  
 interview in, 200-1  
 and invasion of privacy, 208-9  
 organizational  
     current state of field, 437  
     determinants in, 440-46  
     general systems theory in, 445-46  
     graph theory applied to, 446  
     interpersonal relations in, 447-51  
     literature in, 437-39  
     nomenclature in, 440  
     personality factors in, 451-55  
     response determinants in, 455-58  
     structural components in, 450  
     trends and needs in, 460-61  
 variables involved in, 439  
 of perception, 1-33  
 of personality  
     achievement in, 533-36  
     anxiety and, 522-28  
     authoritarianism in, 528-30  
     central nervous system approaches in, 481-82  
     classes of constancies in, 474-78  
     cognitive controls in, 482-86, 508-18  
     conflict and defense in, 525-28  
     see also Value  
 Psychometrics

conformity in, 530-33  
 creativity in, 536-39  
 developmental aspects of, 478-79  
 ego and superego aspects of, 518-19  
 empirical emphases in, 496-97  
 extraversion-introversion scale in, 499-503  
 factorially determined dimensions in, 497-99  
 future developments in, 539-42  
 measurement in, 486-93  
 motivation and, 519-22  
 organismic models in, 479-80  
 problem of generality and consistency in theories of, 471-74  
 response bias in, 503-8  
 trends in theory of, 467-86  
 in personnel selection  
     criteria in, 195-98  
 current changes in, 191-92  
 decision methods in, 201-7  
 ethics of, 209  
 predictor techniques in, 198-201  
 public responsibility and, 207-9  
 specific studies on, 192-95  
 projective methodologies in  
     Bender Gestalt test, 183  
     figure drawing test, 183  
     ink blots, 166-76  
     Kahn Test of Symbol Arrangement in, 183-84  
     problems with semantics, 165-66  
     Rorschach, 165-74

     TAT, 176-83  
 psychotherapy and, 334-40  
     social  
         comparative, 71-74  
         of test theory, 217-35  
         of time, 26-27  
         of value  
             in behavioral decision theory, 239-79  
             descriptive utility models in, 259-78  
             literature on, 240  
             prescriptive utility models in, 240-59  
         see also Value  
 Psychopathology  
 aggressive TAT content and, 181-82  
 in children  
     recent literature on, 400  
 classification of  
     chaotic state of, 375-76  
     emerging trends in, 394-401  
 Jaspers' three disease types as, 378-80  
 literature on, 376-78  
 reliability of, 380-88  
 review on, 373-401  
 validity in, 388-94  
 cognitive processes and, 515-17  
 diagnosis in  
     biometrics in, 399-400  
     computers used in, 400  
     configural approach in, 377  
     definition of, 376  
     emerging trends in, 394-401  
     factor analysis in, 396-97  
 factors affecting disagreements in, 395  
 purposes of, 373-75  
 reliability in, 380-88  
 symptoms and, 395-97  
 systematic structured interviews in, 397  
 treatment relation to, 374-75, 392-93  
 typological approach in, 376-77  
 validity in, 388-94  
 etiological concepts of, 376, 398-401  
 personality relation to, 400  
 psychotherapy objectives and, 340-41  
 Rorschach test applied in  
     diagnosis in, 172-74  
     spontaneous remission of, 359  
 see also Mental illness; Psychotherapy  
 Psychophysiological disorder  
 diagnosis of  
     statistical reliability in, 387  
 Psychoses  
 cognitive processes in, 516

diagnosis of  
consistency with time, 385-86  
observer agreement in, 381-83  
statistical reliability in, 387-88

**Psychosomatic disorder**  
see *Psychophysiological disorder*

**Psychotherapy**  
anxiety effects in, 351-52  
in behavior modification  
measurement problems of, 354-58  
principles of, 343-46  
procedures of, 346-54  
in special situations, 345-46  
brief  
objectives of, 342-43  
results of, 339  
clinical trials in, 362-64  
differential reinforcement in, 348  
empathy in, 348  
evaluation of  
difficulties in, 358-64  
Prognostic Rating Scale in, 173  
expectations of patients and therapists and, 352  
objectives of  
and conception of disorder, 340-41  
and method, 341-43  
patients in  
characteristics of, 349-50  
pretraining of, 350  
patient-therapist interactions in, 350-54  
psychoanalysis and  
current research on, 333  
recording effects on, 354  
research designs in, 359-64  
schools of, 338-40  
theory of  
communication theory and, 336  
evaluation of, 354-64  
general psychology and, 334-40  
holism and, 336  
learning theory and, 334-35  
literature on, 337-38  
and social learning, 336-37  
therapists in  
attributes of, 346-48  
behavior in treatment situation, 348-49  
training in

for auxiliary therapists, 365-66  
for professional therapists, 365  
see also *Behavior, modifications of*

**Punishment**  
in education, 148  
effect on children's behavior, 110-11

**R**

**Rabbits**  
social behavior of, 73

**Race**  
awareness in children, 116-17  
as reinforcement variable, 308-9

**Rapid-eye-movement sleep**  
middle-ear muscle activity in, 430

**Rat**  
development of emotionality in  
effect of infantile stimulation on, 80-81  
psychological development in, 74

**Rational behavior**  
prescriptive utility models for, 241

**Reaction time**  
in audition, 426

**Reading**  
development of  
factors involved in, 99  
sequence in, 99  
teaching to children  
tangible reinforcers in, 145-46

**Reasoning**  
in children, 96

**Receptor potential**  
in mammalian eyes, 42-43

**Regression**  
in creativity, 538

**Reinforcement**  
in communication networks, 315  
delayed  
in children, 110  
effect on learning, 150

**differential**  
in psychotherapeutic situation, 348

**effect on**  
behavior, 107-12  
group responses, 308-10  
role behavior in groups, 308

**in evolution of group leadership**, 320  
negative

effect on behavior in  
children, 110-12  
in schizophrenics, 309

**social**  
effect on behavior, 107-9  
in instruction, 146-48  
and social power of groups, 309-10  
tangible  
in instruction, 145-46  
vicarious effects of, 111-12

**Relaxation**  
in behavior modification, 344

**Reliability**  
in diagnosis of behavior disorders  
consistency with time and, 384-86  
frequency agreement and, 386-88  
observer agreement and, 380-84  
of personality measurement, 491-93  
of tests  
theoretical aspects of, 227-29

**Religion**  
personality and belief in, 499

**Remedial instruction**  
in education, 151

**Repetition**  
effect on tests, 199

**Repression**  
experimentally produced, 525-26  
looking behavior with defense of, 526  
as personality trait, 526-27

**Rorschach scale of**, 174-75

**Reproducibility hypothesis**  
for critical flicker frequency, 58

**Response**  
as factor in instruction, 139-45  
as organizational determinant, 455-58  
in Rorschach test  
color, 170-71  
movement, 166-70  
whole, 171-72

style of  
effect on personality tests, 199-200, 234, 503-8

in TAT  
conditions modifying, 182-83

**Response learning**  
educational advantages for, 140-41

## SUBJECT INDEX

**Responsiveness**  
early pattern organization of, 91, 475

**Retina**  
ganglion cells of  
in vision, 46-47

receptor potential in, 42-43

rhodopsin breakdown in, 41-42

stimulus differentiation in, 46-47

**Retinal**  
production from rhodopsin, 41-42

**Retinula cell**  
in *Limulus* eye, 44

**Review**  
spaced  
in learning, 156-57

**Rewards**  
effect in  
games, 271-78  
group problem solving, 300

neutral objects as  
attributes of, 110  
see also Reinforcement

**Rhodopsin**  
breakdown of  
light effect on, 42-44  
sequences for, 41-42

regeneration of  
receptor potential and, 43

**Rhythmicity**  
early pattern organization of, 475

**Rigidity**  
in children, 119

**Risk-taking**  
anxiety and defensiveness and, 495  
in group decision making, 301  
in personality development, 116

**Ritualization**  
evolution of, 68-69

**Rodents**  
social behavior of, 73

**Rods**  
dark adaptation and, 51-52  
interactions with cones, 55

**Role behavior**  
in organizations  
current research on, 457-58  
personality and, 453  
references on, 290  
reinforcement effect on, 308

**Rorschach test**  
anxiety variable in, 172  
color variable in  
significance of, 170-71  
in diagnosis  
applications of, 172-74  
compared to MMPI and TAT, 173-74  
validity of, 389-90  
diverse uses of, 165-66  
empathy and, 168-69  
experience balance in, 169  
intelligence correlation with, 171-72  
movement response of  
significance of, 166-70  
repression scale of, 174-75  
in selection of army officers, 198  
shading response in, 171  
specialized scales of, 174-76  
success in business scale of, 168  
validity of original constructs of, 166-71

**Russia**  
personnel selection in, 194

**S**

**Salesmen**  
personnel selection of, 192

**Satiation**  
in figural aftereffect perception, 8-9

**Satisfice**  
values and, 240

**Scaling**  
in loudness estimation, 408-9

**Scanning**  
as cognitive variable in personality, 514-15  
development in children, 98

**Schema hypothesis**  
for perceptual discrimination, 98

**Schizophrenia**  
classification of  
in terms of treatment, 374  
cognitive processes in, 515-17  
conformity in, 532  
creativity in, 538  
defense mechanisms in, 516  
diagnosis of  
consistency with time, 385-86  
observer agreement in, 381-83  
predictive validity in, 390-93

**Rorschach test**  
scanning control principle in, 485  
statistical reliability in, 387-88

impaired attention in, 515-16

level of experiencing under interview conditions, 349

prognosis of, 390-92

psychotherapeutic interview effects in, 351

reinforcement in, 309

somatotherapy effects in, 392-93

TAT aggressive content in, 182

thought disorder in, 394

**Selective Word Memory Test**  
in personnel selection, 199

**Self-concept**  
motivation and  
in personality theory, 480

**Self-esteem**  
relation to interpersonal attraction, 297-98

**Self-regulation**  
ego and, 470  
and personality, 469-70

**Selling method**  
for conjoint measurement  
of utility and probability in decision theory, 248-49

**Senile dementia**  
diagnosis of  
consistency with time, 385-86

**Sensation**  
see Perception

**Sensory deprivation**  
effects of, 32-33, 509-10

**Sentence completion test**  
as projective measure, 183

**Set**  
effect on  
perception, 15  
personality tests, 199

**Sex**  
and conformity, 531  
and dependency, 317  
effect on  
cooperation, 311-12  
need achievement, 179-80  
as factor in binaural beat  
audition, 424  
as reinforcement variable, 308

**Sex role**  
child rearing effects on, 114-15  
disappearance in family interactions, 302  
in personality development,

114-16

Sexual behavior  
in primates, 71-72

Sexual motivation  
theory of, 521-22

Shading response  
in Rorschach test, 171

Shape  
perception in infants, 90  
in space perception, 22-23

Sheep  
parental emotional bonds in, 78

Shift behavior  
in learning development, 101

Shock therapy  
effect on hebephrenic schizophrenics, 392

Signal  
theory of detectability in audition, 416

Signaling  
evolution of, 68

Signal/noise theory  
applied to visual sensitivity, 48

Similarity  
effect on conformity, 305-6

needs in marriage partners, 295-97

Size  
concepts of  
in children, 95

effect on figural aftereffects, 10

interaction with brightness  
effect on perception, 6

in space perception, 21-22

Slant  
in space perception, 22-23

Sleep  
rapid-eye-movement  
middle-ear muscle activity in, 430

Smiling  
child rearing effects on, 90-91

Social behavior  
birth order effect on, 117-18

of chickens, 73-74

development of  
comparative studies on, 74-82

in infants, 90-91

evolution of, 67-70

in primates, 71-73

of rabbits, 73

of rodents, 73

Social class  
effect on  
achievement, 105-6

intelligence, 93-94

language development, 97

and psychotherapy technique, 346

Social desirability  
and achievement, 534

consistency as personality trait, 504

as response bias in personality measurement, 504-6

Social development  
in children, 112-19

Social exchange  
and group dynamics, 291, 293

Social isolation  
effects on development  
comparative studies on, 79

Socialization  
primary  
development of, 76-78

Social mobility  
ego functioning and, 535

Social modeling  
in behavior change, 345

Social organization  
of chickens, 73-74

effect of disruption in langur monkeys, 71

evolutionary studies of, 69-70

Social power  
in groups  
advantages of, 318

communication and, 319

dependence and, 316-19

reinforcement and, 309-10

Social pressure  
see Conformity

Social psychology  
comparative  
applied to family structure, 71

applied to primates, 71-73

applied to rabbits, 73

applied to rodents, 73

applied to sexual behavior, 71-72

applied to territorial behavior, 72

of group dynamics  
attraction in, 294-98

book on, 289-92

characteristics of group members in, 319-21

communication and, 292, 315-16

conformity and, 302-8

cooperation and competition in, 310-15

in decision making, 301-2

dominance and, 292-93

intergroup processes in, 321-22

journals on, 292

power structure in, 316-19

problem solving and, 298-302

psychological emphasis in, 287-88

reinforcement in, 308-10

psychotherapy and, 336-37

three broad areas of, 287

Social reinforcement  
effect on behavior, 107-9

in instruction, 146-48

Social responsibility norm  
and group power structure, 316-17

Social status  
conformity and, 314

effect on performance, 318

Society  
decision making by  
prescriptive utility models for, 244-45

effect on group dynamics, 302-8

Sociopathic personality  
diagnosis of  
observer agreement in, 381-82

special procedures for behavior modification in, 346

statistical reliability in, 387

Somatotherapy  
effect on schizophrenics, 392-93

Sound  
lateralization of, 423-24

loudness, volume and density relations of, 410-11

perception of  
amplitude discrimination in, 420

in animals, 428-29

binaural interaction in, 420-24

detection in, 416-20

duration estimation in, 425-26

frequency selectivity in, 414-15

information processing in, 426-27

learning in, 427-28

loudness and, 407-13

masking phenomena in, 418-20

physiological correlates of, 430-31

pitch and, 413-14

reaction time in, 426

pressure measurements of

in audition, 429  
transmission of  
in audition, 429-30

Space  
perception of  
auditory cues in, 25  
binocular relations in,  
23-25  
constancy problems in,  
20-23  
development in children,

471

items on  
conjoint ordering of sub-  
jects and, 219-22  
ordering of groups in selec-  
tion of, 218

Kahn  
as projective measure,  
183-84

performance on  
in infancy, 88-89  
learning effect on, 228

of personality  
consistency of, 492-93  
in differentiation of neurot-  
ics from normals, 497

in factor analytic approach,  
490

in personnel selection,  
198-99

response bias in, 503-  
8

technical problems with,  
199-200

theory applied to, 234

in personnel selection  
criticism of, 191  
cultural effects on, 195  
in foreign countries, 194-  
95

of managers, 193  
as predictor techniques, 198-201

projective  
Bender Gestalt, 183  
figure drawing, 183  
ink blots, 186-76  
Kahn Test of Symbol Arrangement, 183-84  
problems with semantics, 165-66  
sentence completion, 183  
TAT, 176-83

reliability of  
theoretical aspects of, 227-29

Rorschach  
anxiety effect in, 172  
color variable in, 170-71  
diagnosis applications of, 172-74  
diverse uses of, 165-66  
movement variable in, 166-70  
validity of original constructs of, 166-71  
whole responses in, 171-72

scoring of  
assessing partial knowledge in, 230-31  
ipsative versus normative scores in, 230  
sentence completion as projective measure, 183

TAT  
need achievement in, 177-80  
problem with, 176-77

theory of  
applied to personality tests, 234  
conjoint measurement in, 222-27  
conjoint ordering of subjects and, 219-22  
item analysis in, 229-30  
ordering of subjects and, 218-19  
reliability and, 227-29  
scoring in, 230-31  
validity of  
theoretical aspects of, 227-29  
see also Measurement; and under name of test

Thematic Apperception Test  
aggression in  
relation to psychopathology, 181-82  
conditions modifying responses in, 182-83  
in diagnosis  
compared to Rorschach and MMPI, 173-74

hostility in  
application to adolescents, 182  
significance of, 180-82

need achievement in  
applied to industry, 198  
in Brazil, 195  
difficulties with, 179-80  
significance of, 177-80

problems with, 176-77

Therapists  
attributes of, 346-48  
behavior in treatment situation, 348-49  
effect on role expectations in psychotherapeutic situation, 352  
patient interactions with, 350-54  
training of, 365-66  
see also Behavior therapy; Psychotherapy

Thinking  
in behavior change, 343-44  
in children  
imagery in, 96  
in schizophrenics, 394  
see also Cognition

Threshold  
absolute of vision, 48-49

Tilt  
effect on space perception, 13-14

Time  
effect on  
cooperation, 312  
loudness perception, 411-12

as factor in  
form perception, 17  
perception of color, 51

perception of  
factors in, 26-27  
relation to Rorschach movement variable, 167

reaction  
in audition, 426  
relation with brightness in visual threshold, 49-51

Tones  
effect on neonate behavior, 89

Touch  
effect on visual perception, 14  
perception of  
masking effect on, 11

Training  
for psychotherapy, 365-66  
see also Conditioning; Education; Learning

Trait  
as cause or tendency, 472-74

Transitivity  
in prescriptive models of behavior decision, 242

stochastic  
constant utility and, 263  
random utility and, 266

Treatment  
evaluation of  
difficulties in, 358-64  
of flatness of affect, 394  
importance of diagnosis in, 374-75  
of mental illness  
drugs in, 393  
in neurosis, 393  
in personality disorders, 393  
in psychoses, 393  
relation to diagnosis of behavior disorders, 392-93  
see also Psychotherapy

Turtles  
auditory threshold in, 428

U

Ulcer patients  
cognitive processes in, 516

Uncertainty  
and conformity, 305

Universal ambiguity of neuroses, 336

Utility  
additivity of  
in behavior decision, 245-47  
conjoint measurement with probability in behavior decision, 247-52  
in descriptive models of behavior decision  
algebraic models for, 259-61  
constant models for, 261-65  
game theory and, 268-78  
nature of, 239  
need achievement and, 266-67  
random models for, 265-66

in prescriptive models of behavior decision  
applications of, 252-54  
as parameter, 241  
see also Value, prescriptive  
utility models of  
in zero-sum games, 255-59

Utility coefficient

## SUBJECT INDEX

in personnel selection, 191-92

**V**

Validity  
in diagnosis of behavior disorders, 388-94  
of personality measurement, 491-93  
in personnel selection, 191-92  
of tests  
theoretical aspects of, 227-29  
types in psychometrics, 388-89

Value  
constancy of  
in personality, 476-77  
descriptive utility models of  
algebraic, 259-61  
constant, 261-65  
game theory in, 268-78  
need achievement in, 266-67  
random, 265-66  
literature on, 240  
perceived  
components of, 240  
prescriptive utility models  
of  
additivity of utilities in, 245-47  
applications of, 252-54  
axioms in, 242-43  
comparability in, 242  
conjoint measurement of  
utility and probability in, 247-52  
dominance in, 242-43  
game theory in, 254-59  
in group decision making, 244-45  
independence in, 243  
irrelevance in, 243  
multidimensional utilities  
in, 247  
parameters in, 241-42  
permissible subjective  
probability functions in, 247  
and rational behavior, 241

in sequential decision  
making, 243-44  
transitivity in, 242

psychology of  
in behavior decision theory, 239-79  
utility component of, 240

Variety  
of instruction  
effect on learning, 138-39

Velocity  
perception of, 27-28

Verbal instruction  
prompting in, 134-38

Vision  
development of  
in infants, 89-90  
relation to emotions, 91  
electrophysiology of, 44-48  
ganglion cells in, 46-47  
literature on, 41  
masking effects on, 55-56  
photoreception in, 41-44  
psychophysical relationships  
in, 48-59  
retinal ganglion cells in, 46-47  
touch influence on, 14

Visual cortex  
relation to critical flicker  
frequency, 58-59

Visual movement  
factors in perception of, 27-31

Visual pigment  
photoisomerization of, 43-44

Visual sensitivity  
absolute threshold and, 48-49  
brightness contrast and, 53-55  
brightness discrimination  
and, 52-53  
compound evoked potentials  
in visual cortex and, 47-48  
dark adaptation and, 51-52  
development in infants, 89-90

electroretinograms and, 45-46  
flicker and, 56-59  
light adaptation and, 52  
masking and, 55-56  
review on, 41-59  
vitamin A effect on, 43

Vitamin A  
effect on visual sensitivity, 43

Vocalization  
development of  
in infants, 91

**W**

Weak constant utility  
in decision theory, 262-63

Weber's Law  
failure at low luminance  
levels, 53

Whole response  
in Rorschach test  
significance of, 171-72

Withdrawal  
early pattern organization  
of, 475

Wolves  
primary socialization of, 78

Wonderlic test  
applied to personnel selection, 198-99

Woodchucks  
social organization of, 73

Word association  
age effect on, 99

**Y**

Yellow  
perception of  
rise time in, 51

**Z**

Zero-sum games  
in decision theory, 255-58

failure-avoidance behavior  
in, 311
